Sreekanth Kothamasa

SENIOR UNDERGRADUATE

Professional Summary

Motivated software intern with experience in data annotation for machine learning projects. Proficient in various programming languages and web development technologies, with a strong focus on user experience and responsive design.

Employment History

Software Intern, Merced's Benz

01/2024 - 03/2024

- Data annotation for various machine learning projects, ensuring high-quality labeled data for model training.
- Collaborated with cross-functional teams, including data scientists and engineers, to understand annotation requirements and guidelines, enhancing communication skills.
- Utilized annotation tools (e.g., Label box, VGG Image Annotator, or custom tools) to label images, text, or audio data accurately, ensuring browser compatibility and maintainability of code.
- Reviewed and validated annotated data to ensure consistency and accuracy, contributing to the overall quality of the dataset while applying best practices in data manipulation.
- Participated in team meetings to discuss project progress, challenges, and solutions, demonstrating strong problem-solving abilities.
- Engaged in discussions about user interfaces and user experience to enhance the interactivity of the projects.
- Assisted in the development of web applications, focusing on scalability and maintainability of the codebase.

Education

MCA, Sri Venkateswara University, Tirupati

03/2023 - Present

B.Sc in Computer Applications, Sri Venkateswara University, Tirupati

03/2019 - 09/2021

CPI: 7.90

Higher Secondary, Sri Chaitanya College, Tirupati

05/2016 - 03/2018

CPI: 7.50

SSC, Bhashyam School, Tirupati

01/2015 - 03/2016

CPI: 8.20

Communication Skills

Qkart Frontend Website, Crio.Do

08/2024 - 09/2024

- Developed an e-commerce application offering a variety of products.
- Implemented core logic for authentication, shopping cart, and checkout.
- Improved UI by adding responsive design elements for a uniform experience across different devices.
- Utilized REST APIs to dynamically load and render data served by the backend server.

Personal Portfolio

06/2024 - 07/2024

- Developed a personal portfolio website to showcase skills and projects using HTML, CSS, JavaScript, and Bootstrap.
- Designed a responsive layout that adapts to various screens using Bootstrap.
- Created sections for projects, skills, and contact information, allowing visitors to navigate easily.
